ABOUT THE FACT BOOK

The Office of Institutional Effectiveness, Planning and Research is pleased to present the 2018-19 Middle Tennessee State University Fact Book.

The book is an annual publication intended as a single, readily accessible, consistent source of information about Middle Tennessee State University. It is a summary of institutional data gathered from various sources, compiled to capture the 2018-19 Academic Year. In some instances, multiple years of data are provided for a historical prospective. Enrollment data is extracted from 14th day tables.

First-time freshmen cohort data is cited in several sections of the fact book. This cohort is defined as first-time degree-seeking freshmen who started in the fall or prior summer. Effective with this edition of the fact book, all prior summer start freshmen were added to the first-time freshmen cohort.

Sincere appreciation is extended to personnel of internal and external offices who extended their time and expertise to maintain the greatest possible accuracy and standardization of data for this publication.

A concerted effort is made to make this book an increasingly more useful reference that familiarizes the reader with the characteristics of the University's students, faculty, staff, programs, services and environment. Suggestions and comments toward these goals are welcomed and appreciated.

Chris Brewer
Assistant Vice Provost for Institutional Effectiveness, Planning and Research
